Employment

Position Title	Department	Institution	Dates
Academic Professional	School of Physics	Georgia Institute of Technology	Jan 2026–present
Global Professor[a]	Arizona College of Tech.	Hebei University of Technology	Feb 2024–Jun 2025
Global Professor[a]	Dept. of Physics	University of Arizona	Nov 2023–Jun 2025
Adjunct Faculty	Physics/Astronomy Dept.	Pima Community College	Jun 2020–Dec 2023

[a] Joint international faculty appointment

Education

Degree	Field	Institution	Dates
Ph.D.	Physics	University of Arizona[b,c]	Dec 2023
B.S.	Physics	University of Arizona[d]	May 2014
B.S.	Chemical Engineering	University of Arizona	May 2014

[b] Graduate Teaching Assistant, Dept. of Physics, Dept. of Chem. & Biochem., University of Arizona (2017–2023)
[c] Graduate Research Assistant, Dept. of Physics, University of Arizona (2015–2017)
[d] Research Technician (postbaccalaureate), ATLAS Collaboration, Dept. of Physics, University of Arizona (2014)

Research Interests

- **Relativistic Spin Dynamics:** Exploring non-minimal (and nonlinear) electromagnetism (EM) in quantum mechanics utilizing the Klein-Gordon-Pauli (KGP) equation, or classically via modifying the covariant Thomas-Bargmann-Michel-Telegdi (TBMT) torque equation.
- **Neutrino Physics:** EM mixing of neutrino flavor through transition magnetic dipole moments as a possible probe of the hierarchy problem. Exploring possible EM-induced neutrino mass splitting.
- **Cosmic Magnetization:** Magnetized spin-polarized thermal plasmas during the electron-positron and quark-gluon-plasma (QGP) epochs as a possible origin of primordial magnetic fields (PMF).

Dissertation

Title: Modern Topics in Relativistic Spin Dynamics and Magnetism

Committee: Prof. Johann Rafelski (Chair), Prof. Shufang Su (Member), Prof. John Rutherfoord (Member), Prof. Stefan Meinel (Member), Prof. Sean Fleming (Member)

Identifiers: hdl:10150/670301, arXiv:2310.07193, github:thesis-ajsteinmetz

Publications

Citations = 152; h-index = 8 (Google Scholar, Nov 2026). See also INSPIRE-HEP and arXiv.

Conference Presentations & Talks

Talks Presented by Steinmetz, A.

1. **Steinmetz, A.** From the Big Bang to Your Backyard. *Johns Creek High School Astronomy Club*, Johns Creek, GA, November 11, 2026. Invited outreach talk. 10.5281/zenodo.24146669.
2. **Steinmetz, A.** Impact of AI on Education and Professional Careers. *GRIT*, Tampa, FL, October 16, 2025. Invited talk (honorarium). 10.13140/RG.2.2.28318.60486.
3. **Steinmetz, A.** Physics Lab, Journal Club, and AI Tools. *Cross College Faculty Forum (CCFF)*, Arizona College of Technology, Hebei University of Technology, Tianjin, China, April 11, 2025.
4. **Steinmetz, A.** UA-HEBUT Pedagogical Adventures. *Cross College Faculty Forum (CCFF)*, Arizona College of Technology, Hebei University of Technology, Tianjin, China, November 15, 2024.
5. **Steinmetz, A.** Modern topics in relativistic spin dynamics and magnetism. *Ph.D. Dissertation Defense*, University of Arizona, Tucson, AZ, October 27, 2023. 10.5281/zenodo.23873357.
6. **Steinmetz, A.**, Yang, C. T., Rafelski, J. Primordial Cosmic Magnetism. *SMT 30th Anniversary Steward Observatory Symposium*, University of Arizona, Tucson, AZ, September 22, 2023. 10.13140/RG.2.2.19213.24806.
7. **Steinmetz, A.**, Yang, C. T., Rafelski, J. Magnetism in the Cosmic Plasma Epoch. *ELI-Beamlines Strong Fields Frontiers*, The Extreme Light Infrastructure ERIC, Prague, Czech Republic, June 13, 2023. 10.13140/RG.2.2.32635.02087.
8. **Steinmetz, A.**, Yang, C. T., Rafelski, J. Magnetism in the Cosmic Plasma Epoch. *Margaret Island Symposium on Particles & Plasmas (PP2023)*, HUN-REN Wigner Research Centre for Physics, Budapest, Hungary, June 8, 2023. 10.13140/RG.2.2.29279.57762.
9. **Steinmetz, A.** Relativistic Two-Body Quantum Mechanics. University of Arizona, Tucson, AZ, March 2017.

Talks Co-Prepared by Steinmetz, A. (Presented by Others)

1. Rafelski, J. (presenter), Yang, C. T., **Steinmetz, A.** Non-Stationary Quark-gluon Plasma in the Universe. *Hungarian-German WE-Heraeus Seminar*, Goerlitz & HZDR Dresden, Germany, June 24, 2025. 10.13140/RG.2.2.21726.75844.
2. Rafelski, J. (presenter), Yang, C. T., **Steinmetz, A.** Thermal Non-equilibrium and Quark-gluon Plasma. *Joint European Thermodynamics Conference (JETC 2025)*, Belgrade, Serbia, May 28, 2025. 10.13140/RG.2.2.25443.05922.
3. Rafelski, J. (presenter), Birrell, J., Grayson, C., **Steinmetz, A.**, Yang, C. T., Foster, S. Quarks to Cosmos: Particles and Plasma in Cosmological Evolution. *16th Conference on Quark Confinement and the Hadron Spectrum (QCHSC 2024)*, University of Adelaide, Cairns, Australia, August 9, 2024. 10.13140/RG.2.2.19642.30407.
4. Rafelski, J. (presenter), Yang, C. T., Birrell, J., Grayson, C., Foster, S., **Steinmetz, A.** Particles & Plasmas in the First Hour of the Universe. *Particles & Plasmas Symposium (PP2024)*, HUN-REN Wigner Research Centre for Physics, Budapest, Hungary, June 11, 2024. 10.13140/RG.2.2.22997.74727.
5. Rafelski, J. (presenter), **Steinmetz, A.** Space-time, Acceleration and Matter. The Extreme Light Infrastructure ERIC, Prague, Czech Republic, December 2022. 10.13140/RG.2.2.25933.76001.
6. Rafelski, J. (presenter), Yang, C. T., Birrell, J., Grayson, C., **Steinmetz, A.** Particles and Plasmas in the Universe. *22nd Zimányi School Winter Workshop on Heavy Ion Physics*, HUN-REN Wigner Research Centre for Physics, Budapest, Hungary, December 2022. 10.13140/RG.2.2.27611.48160.
7. Rafelski, J. (presenter), **Steinmetz, A.** Strong Field Physics: Report on Frankfurt School and Current Arizona Effort. *Margaret Island Symposium on Particles & Plasmas (PP2022)*, HUN-REN Wigner Research Centre for Physics, Budapest, Hungary, May 17, 2022. 10.13140/RG.2.2.13363.13600.

In addition, I have closely collaborated on preparing research and academic talks delivered at the following conferences/institutes: Deutsche Elektronen-Synchrotron/DESY (2024), Margaret Island Symposium on Particles & Plasmas (PP2023), Polish Academy of Sciences at Warsaw University (2023), XI International Conference on New Frontiers in Physics (ICNFP 2022), University of Arizona (2022), Hungarian Academy of Sciences (2022), Institute of Theoretical Physics Uniwersytet Wrocławski (2022), 21st Zimányi School Winter Workshop on Heavy Ion Physics (2021), 4th LeCosPA Symposium (2021).

Grants & Awards

- Team member (lab design advisor); PI: Sell, P. Creating an Introductory Astronomy Course. Provost

Teaching and Learning Initiative Grant, Georgia Institute of Technology, $21,250 (2026–2027).
- Young Researcher Meeting Grant, European Physical Journal (EPJ), Springer-Verlag, travel to *Margaret Island Symposium on Particles & Plasmas (PP2023)*, Budapest, Hungary (2023).
- Fanfare Graduate Travel Award, University of Arizona, travel to *Margaret Island Symposium on Particles & Plasmas (PP2023)*, Budapest, Hungary, and *ELI-Beamlines Strong Fields Frontiers*, Prague, Czech Republic (2023).

Teaching Experience

Key: GT (Georgia Tech), UA (University of Arizona), ACT (Arizona College of Tech.), PCC (Pima Community College)

Faculty Courses at GT (as Instructor-of-Record)[e]:

Course #	Title	Sections	Students	Semester
PHYS 3209	Electronics I	1	TBD	Spring 2027
PHYS 4321/2	Advanced Lab I/II	2	17	Fall 2026
PHYS 4604	Professional Development	1	60	Fall 2026
GT 1000	First-Year Seminar	1	15	Fall 2026
PHYS 2212	Principles of Physics II	1	163	Spring 2026

Faculty Courses at UA/ACT (as Instructor-of-Record):

Course #	Title	Sections	Students	Semester
PHYS 371	Quantum Theory	1	75	Spring 2025
PHYS 381	Methods in Exp. Physics I	2	67	Spring 2025
PHYS 321	Theoretical Mechanics	2	139	Fall 2024
PHYS 382	Methods in Exp. Physics II[f,g]	2	46	Fall 2024
ENGR 498A	Senior Design/Capstone[g,h]	1	43	Fall 2024
PHYS 240	Intro. Electricity & Magnetism	3	203	Spring 2024
PHYS 381	Methods in Exp. Physics I[f,g]	2	50	Spring 2024

[e] Full teaching record and recent student course evaluations available upon request.

[f] Advanced Physics Laboratory (PHYS 381/382), ACT/HEBUT. Developed full-year experimental physics lab curriculum, advising and guidance for the purchasing of over $14,000 USD (¥100,000 RMB) in new equipment, and coordinated instruction for 100+ undergraduate students (2024–2025).

[g] First time offered at this institution. Designed, developed, and delivered curriculum.

[h] Senior Design/Capstone (ENGR 498A), ACT/HEBUT. Co-developed a one-semester senior design and career preparation curriculum, and coordinated instruction for 40+ undergraduate students (2024).

- **Adjunct Courses at PCC (Physics & Astronomy Dept., as Instructor-of-Record):** Intro. Physics I/II (2020–2021, 2023), The Solar System (2020–2023), Intro. Electricity & Magnetism (2022)
- **TA Courses at UA (Dept. of Physics, Dept. of Chemistry & Biochemistry):** Intro. to Scientific Computing (2017), Intro. Electricity & Magnetism Lab (2017), Methods in Exp. Physics I/II (2018–2019), General Chemistry I (Honors)/II Lab (2019, 2021–2023), Intro. Mechanics I/II Lab (2020), Intro. Physics I/II Lab (2020)

Academic Service & Associations

Institutional Committees & Appointments

- Mentor, Academic Professionals and Lecturers (APL) Mentoring Network, Office of Faculty Professional Development, GT (2026–present)
- Member, Academic Faculty Advisory Council (AFAC), College of Science, GT (2026–present)
- Member, Academic Program Committee, School of Physics, GT (2026–present)
- Member, Undergraduate Advising and Assessment Committee, School of Physics, GT (2026–present)
- Associate, Designated Campus Colleague (DCC), Department of Physics, UA (2025–present)
- Member, Faculty Search Committee(s), Department of Physics, UA (2024–2025)

Professional Service & Membership

- Mentor, Wildcat Mentor Society, UA (2025–2026)
- Fellow, Career Mentoring Fellows Program, APS (2025–present)
- Organizer, Undergraduate Journal Club, ACT/HEBUT (2025)
- Member, American Physical Society (APS) (2025–present)
- Member, Cross College Faculty Forum (CCFF), ACT/HEBUT (2024–2025)
- Reviewer for *Physical Review Letters*, *Physical Review D*, *Physical Review Research*, *European Physical Journal Plus*, *Modern Physics Letters A*, *International Journal of Modern Physics A*, *Frontiers in Physics*, and *ICPMS 2025*.

Laboratory Safety Certifications

- Cryogenic Materials Safety, UA (2022)
- General Laboratory Chemical Safety, UA (2019)
- Sealed Source Protection, UA (2018)
